

**BUILD-TECH ENGINEERING**  
**SERVICES (PVT.) LIMITED**

# **ABOUT:**

- ▶ **Build-tech Engineering Services (Pvt.) Ltd. was established in Lahore year 2018 having Corporate Universal Identification No. 0114706 and NTN # 7928884-1 and STRN # 3277876151354.**
- ▶ **The company has started work as an Engineering workshop to undertake steel fabrication, manufacturing and repair of different items of industrial units such as Pressure Vessels, Non-Pressure Vessels, LPG Storage tanks, Oil Storage Tanks, Water Treatment Plants, Evaporators, Condensers, Boilers, Structures and Piping work etc. The Company has capabilities to undertake Engineering and construction services for industrial units like Oil and Gas Industry, Power Plants, Sugar Mills, Chemical / Petrochemical Industry, Cement Plants, Fertilizer Plants, Steel Structure, Pipelines, Water Treatment systems, Plant Maintenance and Civil Construction.**
- ▶ **With our creative problem-solving approach, engineering expertise and multiple sources of technologies in one house, we can seamlessly integrate a system for overall operation. Thus, our professional integrated engineering systems improve productivity, product quality and reduce product cost.**

## **OUR VISION:**

**“To be the best among leading Engineering and Contracting establishments in the region.”**

## **OUR MISSION:**

**“To undertake business with a focus on organizational growth by recognizing those who contribute to it and building excellence to meet customers’ satisfaction regarding quality, on-time delivery, and HSE.”**

## **OUR COMMITMENT:**

**“We shall continue to adhere to the applicable Safety Standards and Safe Working Procedures. We are committed to providing High Quality Products and Services that meet our Customers’ expectations. We shall continue to improve our Performance.”**

# **CORPORATE VALUES**

- ▶ **Build-tech Engineering Services Pvt. Limited commitment to the highest standards of business ethics, environmental sustainability, labor relations and fair-trade practices.**
- ▶ **Build-tech Engineering Services has recognized that our ethical work environment is critical to our ability to support our customer's goals in every location in which we work. Today, this recognition is ingrained in our core values. We strive to maintain the highest standards of business ethics, environmental sustainability, labor and employment, and fair-trade practices, in every project we undertake. And because we know that our customers trust us to work with subcontractors and suppliers who share these fundamental values, we have developed strict prequalification standards for working on our projects. By treating our project partners fairly and using transparent and equitable procurement and management processes, we foster a collaborative environment where all parties can grow and thrive. We encourage and support small, disadvantaged, woman-owned and minority-owned businesses, to make our industry stronger, create greater choice for our customers, and grow future markets.**

# INTEGRITY IN OUR WORK

**We are professional and honest in our working relationships. We strive for equity and fairness in our decision making and in our treatment of one another. We honor our commitments. We hold ourselves accountable to the highest ethical and performance standards.**

# **HSE POLICY**

**To lead engineering & contracting establishments in the region and to undertake business with a focus on continual growth by recognizing those contribute to it & building excellence to meet customer's satisfaction based upon quality and on time delivery.**

**We strive to minimize hazards by virtue of consistent HSE monitoring & evaluations based upon international standards without harming global context & human lives. Complying with all applicable regulation, legal laws and other requirements related to QHSE. Developing framework for establishing and reviewing QHSE Objectives and targets. Maximize focus on employee health and on continuously improving the work environment. Conduct our operation through efficient use of material and energy, with minimum waste and damage to the environment. Providing sufficient information, advice, training and supervision to ensure that people under our control are fully aware of their responsibilities and are trained to undertake their activities and improve skills needed for our operation. Measuring and reporting quality, health, safety and environmental performance on a regular, consistent and meaningful basis and comparing this performance against a known benchmark.**

# MAIN LINE OF BUSINESS:

**Manufacturing**

**Steel Fabrication**

**Construction & Erection**

**Plant Maintenance**

**Civil Construction**

# OUR SERVICES:

## **OIL AND GAS INDUSTRY:**

## **PIPELINES:**

# **POWER PLANTS**

# **CHEMICAL / PETROCHEMICAL PLANTS**

# FOOD AND BEVERAGES INDUSTRY

# CEMENT PLANTS

# FERTILIZER PLANT

# STEEL STRUCTURE

# **WATER TREATMENT**

# **PLANT MAINTENANCE**

# CIVIL CONSTRUCTION

# **EXPERTISE**

- ▶ **Fabrication of Carbon steel and Stainless steel Industrial Units.**
- ▶ **Manufacturing of SS Tanks for Food and Beverage Industries.**
- ▶ **Plate Rolling ,Tube Sheet drilling.**
- ▶ **Manufacturing of Storage Tanks or Refurbish & Repair of large storage tanks & tank farms.**
- ▶ **Petrochemical Plants Fabrication and Erection.**
- ▶ **Structural Work.**
- ▶ **General Services for Industrial Units.**
- ▶ **Civil & Structural Construction and Erection.**
- ▶ **Mechanical, HVAC Installation & Maintenance Works.**
- ▶ **Pipeline & Process Piping Erection.**
- ▶ **Testing, Inspection & Commissioning Services.**
- ▶ **Cooling Tower Fabrication, Erection and Commissioning.**
- ▶ **Plant Turnaround & Shutdown Maintenance.**
- ▶ **Short & Long-Term Plant Maintenance for all disciplines.**
